

# Boom MEZZO

## an intelligent camera for superior meetings

The Boom MEZZO features 4K Ultra HD @ 30fps, electronic PTZ and built-in AI functions that include highly responsive auto-framing. An Advanced Image Signal Processor (ISP) provides vivid images with balanced brightness, high resolution and fantastic color layering. The Mezzo delivers a captivating experience for your video conference calls. Intelligent cameras make better meetings. Simply.

### FEATURES

Ultra HD 4K video

AI Auto-framing

Wide angle 110° field of view

4K glass lens

10x ePTZ

Multi codec: H.264, H.265, MJPEG, YUY2

Two built-in omnidirectional mics

Advanced focus technology

Low light optimization

Smooth video

Plug & Play

3-year warranty

Zoom Certified

### More than just a camera

Ultra HD 4K video combined with dual omnidirectional microphones, featuring noise suppression technology, mean you are both seen and heard with absolute clarity.

### The future of meetings is here

With Artificial Intelligent (AI) auto-framing, the MEZZO automatically centers on meeting participants while dynamically and seamlessly reframing to incorporate everyone in the room.

### Excellent image quality

Advanced ISP processing algorithms combined with high quality CMOS sensor means a clear and vivid image even in dim light - making the MEZZO the next best thing to in person meetings.

### Take control

With 10 user-defined presets, the included remote control lets you quickly focus on specific features around the room such as a white board, podium, or meeting participant.

### Plug & Play. Really.

Mac or PC? Zoom, Teams, Webex, or Meet? With USB 3.0, simply connect and enjoy your favorite video conferencing platform.

## BOOM MEZZO

Designed and built for the modern huddle room and small meeting spaces with a focus on excellent quality and ease of use

### Camera

**Image sensor:** 4K CMOS sensor 1/2.8 inch

**Lens:** 4K glass

**Pixels:** 8.28MP, 16:9

**View angle:** 110° diagonal, 100° height, 53° vertical

**Zoom:** 10x ePTZ

**Focal length:** 2.26mm

**Focus:** Advanced AI auto-focus

**SNR:** ≥50dB

**Resolution:** 3840 x 2160 @30fps

**Video features:** Brightness, definition, saturation, contrast, white-balance, low light optimization

### Output/Input

**Video output:** USB 3.0

**Video compression:** H.264, H.265, MJPEG, YUY2, NV12

**Audio input:** 2 built-in omni-directional mics

### Details

**Input voltage:** 5V

**Input current:** 1A (max)

**Power:** 5W (max)

**Temperature:** 15°F - +120°F (-10°C - +50°C)

**Dimensions:** 7.08in x 1.67in x 1.82in (180mm x 42.5mm x 46.3mm)

**Weight:** 10.6oz/300g

**Mount:** 1/4" tripod thread/clip

**Operating system:**

Windows® 7, 8.1 or 10

Mac OS X® 10.10 or higher, Linux, Android

**Hardware requirement:**

2.4 GHz Intel® Core 2 Duo processor or higher,

2GB memory or higher, USB 2.0 port (USB 3.0 for 4K)

**Cable length:** 9.84ft (3m)

**In the box:** Camera, USB 3.0 cable, remote, quick guide
