Novo **PRO**

Wireless Presentation and Collaboration System

vivitek®
Vivid Color, Vivid Life

Make it **Simple.**
Make a **Connection.**
Truly **Collaborate.**

Do you know that you can make your teaching and content sharing in classes much smoother and more engaging?

NovoPRO is a small, simple and cost effective device for wireless connectivity and sharing of your centrally projected teaching materials and student assignments in class. It enables you to wirelessly connect all devices - laptops, tablets and smartphones alike, and will also easily integrate with your existing infrastructure, which means you don't need to purchase any additional equipment. What is great – setup and day-to-day usage is really simple and user friendly.

Save time thanks to multiple cable-free connections to the projector via NovoPRO

What you get with NovoPRO

1. Simple Connect & Share
• Cross platform screen mirroring ability
• QR code connection
• Wireless File Sharing
• Link to online Cloud and resources
• Document viewer via USB flash or microSD
• Full smartphone mirroring (all platforms)

2. Multiple users at once
• Up to 64 participants (or 8 in hotspot mode)
• Easy device switch without cables
• Display up to 4 devices on split screen

3. Discuss & collaborate
• Make notes on the projection screen
• Make notes from your mobile device with the «Annotation» tool in the app
• Turn your touch tablet, phone or laptop into a digital whiteboard

4. High quality transmission
• Stream video from your mobile device at up to 60 fps 1080p

5. Privacy and security
• PIN access security
• Guest/Employee network separation
• Admin password protection
• Theft proof with Kensington lock

6. Easy set up and maintenance
• Teacher remains in control via content preview of the students device.
• Remote control of NovoPRO devices for IT
• Client (up to 64 participants) or hotspot mode (up to 8 participants)

Have you ever tried to connect multiple students to share their homework assignments on the main screen? Now you can do this without first collecting all content to a central computer!

NovoPRO lets you connect up to 64 students wirelessly from their own digital devices (with just the NovoPresenter app or software installed). Up to 4 students can present on the split screen.

But there's more! NovoPRO lets you share files wirelessly to all students, and allows the teacher to conduct instant polling and voting via NovoPRO to evaluate if the class really understood the subject matter.

NovoPRO

Specifications

CPU	ARM Cortex A9 Quad-Core at 1.6 GHz
Memory	DDR 1 GB
Storage	Internal: 8 GB; External: Micro SD Card Slot
WiFi	802.11 AC (2.4 GHz & 5 GHz) (b/g/n) 2T2R
Ethernet (RJ45)	10/100 (x1)
USB	USB 2.0 Type A (x1)
HDMI	Video Output (x1) with Audio
Power Input	Micro USB (5.35 V at 2A)
Display Resolution	• XGA (1024 x 768) • WXGA (1280 x 800) • 720p (1280 x 720) • 1080p (1920 x 1080) • WUXGA (1920 x 1200) • 4K (3840 x 2160) MicroSD Only
IR Receiver	Remote Control (x1)
LED Indicators	GREEN (Power on); Blue (Network Activity)
Button	Reset
Operating Temperature	0° ~ 40° C; 32° ~ 104° F (Ambient)
Storage Temperature	-20° C ~ 60° C; -4° ~ 140° F (Ambient)
Dimensions	120 x 75 x 16 mm; 4.72 x 2.95 x .63 in
Weight	128g; 4.5 oz

Devices Supported

PC/Notebook	
CPU	Intel Pentium, 2 GHz (i3+ recommended)
OS	Windows 7+ (32-bit, or 64-bit), Mac OSX 10.6+
RAM	4 GB +
Software Download	www.vivitekusa.com/NovoConnect

Chromebook	
CPU	Intel Pentium, 2 GHz (i3+ recommended)
RAM	4 GB +
Software Download	https://chrome.google.com/webstore/search/novoconnect

Tablet/Phone	
Android OS	Android 3.2+ (4.0+ recommended)
Screen Resolution	1024 x 768+ recommended
Software Download	"NovoPresenter" from Play Store
iPhone / iPad OS	7.0+
Device Type	iPad 2+, iPhone 4+
Software Download	"NovoPresenter" from the AppStore
